REASONS FOR ALLOWANCE

Allowable Subject Matter

1. Claims 21-25 are allowed over the prior art of record. Claims 1-20 have been canceled.
2. The following is an examiner's statement of reasons for allowance: Claims 1-20 have been canceled. The feature of claim 21 directed towards allowable subject matter are the sensor specifics wherein the potential sensor including two semiconductor regions of a first conductive type provided separately in a semiconductor region of a second conductive type, in additions to the limitation comprising said predetermined drive distance. The prior art of record fails to suggested or teaches sensor and distance features. These features in combination with the other limitations of the claims makes them allowable over the prior art of record. Henley teaches of a teaches of a method and apparatus for testing an LCD panel but is lacking the sensor specifics and any mention of said predetermined distance. Therefore said features in combination with the other limitations of the above independent claims are allowable over the prior art of record.
